

Md Mahede Hasan
React Native Developer

Dhaka-1400, Bangladesh | +8801975794009 | @portfolio | @linkedin | @github | mahede.object@gmail.com

PROFESSIONAL SUMMARY

React Native Developer with 3 years of experience building cross-platform mobile applications and Node.js Full-Stack. Proficient in Expo, Redux, NodeJs and mobile-specific design patterns. I am a leader, a self-starter, a constant learner, and a problem solver.

TECHNICAL SKILLS

- Languages : TypeScript, Python, Swift, SQL, HTML, CSS, Markdown
- Framework : React Native, Expo, Express
- Database : Postgres, MySQL, SQLite, RealmDB
- Tools : Git, Android Studio, XCode, Figma, Slack, Jira, Trello, Swagger, Postman
- Cloud : Appstore, Playstore, AWS, Google Cloud Platform, Apkpure
- Familiar With : RAG, AI Chatbot, Monorepo, Redux, Bash, Prisma, Zustand, Node.js, REST, NestJS, Supabase, Jest, Automation
- Others : Docker, Nginx, Agentic, Design Patterns, Root Cause Analysis, Data Modeling, Agent driven development

EXPERIENCE

- React Native Developer | Tecoyo Media Group | Braunschweig, Germany (Remote) April 2025 – February 2026
Kassenheld – A Cash Register POS Application
- Built a merchant-facing analytics dashboard that enabled real-time sales visibility and supported data-driven decision-making for daily operations.
- Designed and shipped a voucher and promotions system, contributed to a 10% increase in promotional redemption.
- Led the migration from RealmDB to SQLite , reducing application size and improving database performance in production.
- Actively collaborated with cross-functional teams using well-documented RFC and RCA processes to streamline development and ensure effective problem resolution.
- Jr. React Native Developer | Bitsofts Software Solutions | Mirpur, Dhaka (Onsite) March 2023 – February 2025
Espressly – A coffee shop order-ahead app in the USA market
- Spearhead the migration of legacy mobile application to React Native, reducing development cost by 20% .
- Developed an automation pipeline that clones, renames, and configures app packages for various store distributions.
- Implemented cross-platform push notifications (Android & iOS), increasing user engagement by 20% .
- Executed a major Expo upgrade (37 to 49) , reducing app bundle size from 53.7 MB to 37.5 MB and improving runtime performance.
- Built and shipped 7+ React Native applications, contributing 35% growth in user base
- Extensively utilized debugging tools to investigate issues and promptly address bugs , maintaining the pace of the Trello board.
- Bolt – A Ride Sharing app
- Implemented responsive layouts and localization support (English, Arabic, Bangla) to ensure usability across large-screen devices.
- Contributed to end-to-end feature development, from requirement analysis to implementation
- Used RTK Query to manage API caching, side effects, and network state efficiently.

PROJECTS

- Gontobbo | A Hotel Booking | TypeScript, React Native, Express, Monorepo, Docker, RAG @code| @app| @backend| admin
- Developed a full-stack system with Express.js backend, Expo mobile app, and Next.js admin, improve workflow by 5 %
- Engineered an intelligent RAG (Retrieval-Augmented Generation) based chat system
- Optimized repository infrastructure with Turborepo streamlining the management of multiple packages (Mobile, Web, Admin) and reducing CI/CD build times through advanced caching and task orchestration
- Dockerized the application to standardize local development environments and reduce setup friction
- Implemented a production-ready RAG pipeline, leveraging specialized data modeling and backend integration to deliver high-accuracy, document-grounded AI responses.
- Developed a high-performance Admin Dashboard using Next.js , centralizing real-time analytics and user management for the mobile ecosystem
- Shipped a production-ready full-stack app and handled Android distribution through APKPure

EDUCATION

- Hamdard University Bangladesh BS in Computer Science | GPA : 3.53 April 2018 – August 2022
Member: CSE Club, Computer Programming and Skill Development Club(HUB), PI Club

AWARDS AND CERTIFICATIONS

- 1st Place, HTML and CSS Layout Challenge(Intra-University) | Hamdard University Bangladesh September 2020
Foundations of Project Management | Coursera July 2024
Fundamentals of DevOps | Ostad Oct 2025
